Canvas Guide for students

Canvas for students

The Canvas system is used for all subjects. You find the materials, deadlines, syllabus, assignments, ... of each course. Some teachers use the system to send you messages and publish consultation appointments.

Login in the system: <http://canvas.elte.hu>

Use your neptun code and password to log in.

Canvas for students

If you would like to see all of your courses, or select, which one can be seen on the dashboard, choose the *Courses* icon and at the end of the list the "All courses" option.)

Click on the big picture or on the name of the course to open it!

The screenshot shows the Canvas dashboard interface. A dark teal header bar contains navigation icons. A vertical sidebar on the left has a "menu" label pointing to a gear icon. The main content area is titled "Dashboard" and displays course cards. A "courses" label points to the "Courses" icon in the sidebar and the course cards. On the right, a "Coming Up" section lists upcoming events, with an arrow pointing to it from a box labeled "events, upcoming tests, deadlines, ...".

Canvas basics

The start (**Home**) sites and the structure can be different for each course.

START HERE: Mostly the **main site (Home)** contains the most important information: room, time, name and e-mail address of the teachers and the **requirements of the course**. If you don't see it on the main site, follow the instruction of the lecturer.

Not reading the course requirements does not mean that the rules do not apply to you. The rules apply to each and every student equally, cannot be altered.

Some courses use the **Teams** system, as well. You can find a code or a **link** for the used Teams group mostly here, too.

Most courses have **Modules** : The materials (e.g. lecture slides, tutorials, important links, etc.) can be found in the modules organized into smaller sections.

The screenshot displays the Canvas LMS interface. On the left is a dark sidebar menu with icons and labels for Account, Dashboard, Courses, Calendar, and Inbox. The main content area shows the course title '2023/24/2 F7SWK9-Programming - Programozás EA+GY' and a breadcrumb trail 'Modules'. Below this is a list of navigation options: Home, Syllabus, Modules (highlighted), Assignments, Grades, StudyCoach, Panopto Video, and Gradescope. The right-hand side of the page shows a list of sections: 'Course information', 'Tests and assignment examples', and 'Week 2: Febr. 12 - 16'. Under 'Week 2', there is a 'Lecture' section with a link to '1st_lecture: Specification, algorithm'.

Canvas basics

In the **Assignments** menu you will see the list of the Assignments, tests, and quizzes.
Check this menu regularly.

The screenshot shows the Canvas LMS interface for the course '2023/24/2 F7SWK9-Programming - Programozás EA+GY'. The left sidebar contains navigation icons for Account, Dashboard, Courses, Calendar, and Inbox. The main content area features a search bar for assignments, sorting options for 'SHOW BY DATE' and 'SHOW BY TYPE', and a list of assignments under the 'TMS (B) tasks' category. The assignments listed are 'B1 TMS assignment' (due Mar 21 at 11:59pm, -/30 pts), 'B2 TMS assignments' (due Apr 18 at 11:59pm, -/30 pts), and 'B3 TMS assignment'.

The settings of the Canvas system

Choose the **Account** icon to personalize your Canvas.

In the “**Profile**” menu you can upload a profile picture (- click on the pencil) - it can help your teacher and colleagues communicate.

Edit Settings

In Settings you can choose “**Edit settings**” and modify the **Language** and the **TimeZone**. All courses have their language defined individually, so it is the basic language of the system. We recommend to use the Hungarian Time Zone.

This name appears in sorted lists.

Language: ▼

This will override any browser or account settings.

Time Zone: ▼

The settings of the Canvas system

In **Notification** you can set your [notification preferences](#) in. Try to personalize the communication to be updated in every important information, event.

The screenshot shows the 'Notification Settings' interface. At the top, there are two informational boxes: the first (callout 2) explains that account-level notifications apply to all courses, and the second (callout 4) specifies delivery times for daily and weekly notifications. Below these is a dropdown menu for 'Settings for' set to 'Account' (callout 1). The main section is a table with columns for 'Course Activities', 'Email', 'Email', and 'Push Notification'. The 'Email' columns show addresses like 'emilyboone@instruct...' and 'emily.boone.canvas...'. The 'Push Notification' column shows 'For All Devices'. The 'Course Activities' section is highlighted with a red box (callout 6) and includes rows for 'Due Date', 'Grading Policies', 'Course Content', and 'Files'. The 'Course Content' row has a calendar icon (callout 3) and a tooltip 'Daily summary' (callout 8). The 'Email' column for 'Course Content' has a bell icon (callout 7). The 'Push Notification' column for 'Course Content' has a bell icon (callout 5). The 'Files' row has a bell icon (callout 3).

Notification Settings

2 Account-level notifications apply to all courses. Notifications for individual courses can be changed within each course and will override these notifications. X 3

4 Daily notifications will be delivered around 6pm. Weekly notifications will be delivered Saturday between 3am and 5am. X 5
