- How to register for the physical education courses?
- Counting the general physical education subjects towards the absolutory

What you need to know about physical education courses

- Following the study term, the subjects are 12-13 weeks long,
- a maximum of **3 absences are allowed** to complete the course. General physical education courses are practical courses that **do not have an exam**. The performance is determined by **participation**. If the 3 absences are exceeded, the grade will not be entered in Neptun, the course will be considered an abandoned subject.
- **The credit value of a completed course is 1 credit**, (up to a total of 4 credits) physical education can be counted towards the elective subjects, therefore the completed physical education courses can improve your average. In case you do not complete the course it will not affect the classical average.
- The language of instruction in most cases is Hungarian, please check the language before registering for the course (clicking on the Subject > Subject details menu). In case you decide to register for the course despite the language barrier you can do so, but you will not be able to deregister from the course after the subject registration period referring to the language barrier as a reason.

How to register for the physical education courses?

1. Log in [Neptun](#)
2. In the Subjects > Register for subjects menu choose the current semester, then choose „all other subjects in the institution”
3. Add **VTN** to the „Subject code” section, then click on „**List subjects**”.
4. The Neptun system then lists all optional physical education courses.
5. **The semester fee for the courses is HUF 6,000**, which is transcribed in Neptun under the "Finances" menu, usually towards the end of the semester. (Some courses have additional costs, e.g.: wall climbing, please check the contact details provided). The published cost must be paid even in the event of abandonment of the course.

Counting the general physical education subjects towards the absolutory

General physical education subjects can also be counted in the credit value of elective subjects, which

- credit value is **1 credit per course**
- **1 course** can be taken **per semester**
- a **maximum of 4 credits** can be counted towards the absolutory
